

Chem-Buster 6

Description

The Chem-Buster 6 is a floor mounted Decontamination Shower including two sidepanels suitable for standard indoor use. The decontamination shower has an additional two-stage module and an extra overhead shower head.

The decontamination shower has ten (10) special nozzles (spray angle 60° and gives rotation to the water) for effective and efficient operation and an extra overhead shower. The operation will be done by means of Push Flag (push down for operation). This system provides proper cleaning or decontamination of your protective clothing (also available at Matcon), extending its lifetime.

The Decontamination Showers can be supplied with a wide range of options, such as, side panels, roof, drain sump with "walk-on" panel, PVC strip screens for the entrance and exit, light, brush, detergent mixing system, etc. The unit can also be made suitable for outdoor installation (frost protection). Minimum water pressure: 2 bar.
