

## Description

The MB 30 ST is an Eyebath / Face Wash Fountain with an open bowl on a stand pipe (1" BSP or 1 ¼" BSP) with dust covers on the diffusers optional supplemented with black rubber Eye cups with hinged dust covers (including sign) suitable for indoor use and floor mounting. These diffusers give a gentle aerated soft spray pattern which feels pleasant for the eyes. The operation will be done by means of the Stainless Steel Push Flag. The dust covers need to be placed back on the diffusers after usage. A Flow regulator is present on the unit in order to achieve a good spraying pattern. Optional the Eyebath can drain empty after usage. The stand pipe can be used to supply or drain the water, please specify when ordering. The unit can be mounted on the floor by a mounting plate. Minimum water pressure is 2 bar.

MB30 ST

MB 30 ST with automatic flushing

## Specifications

- When standpipe is water supply Water connection: Water connection: 1" or 1 ¼" BSP Female
- When standpipe is drain pipe 15 mm compression fitting, ½" BSP Male or 12 mm "Push / Speed - Fit" or different on your request
- water pressure 2 bar
- water supply: 12 liter per minute
- manual operation
- flow regulator
- filters
- sign(green)
- dimensions 380x400x1200 mm (WxDxH)
- color: different colors
- material: galvanized steel, evt. with coating, Stainles Steel, brass, plastic
- Floor mounting plate 150x150 mm, 4 holes (Ø 15 mm) H.t.H. 100 mm
- meets the following standards: CE EN 15154 & ANSI Z 358.1
